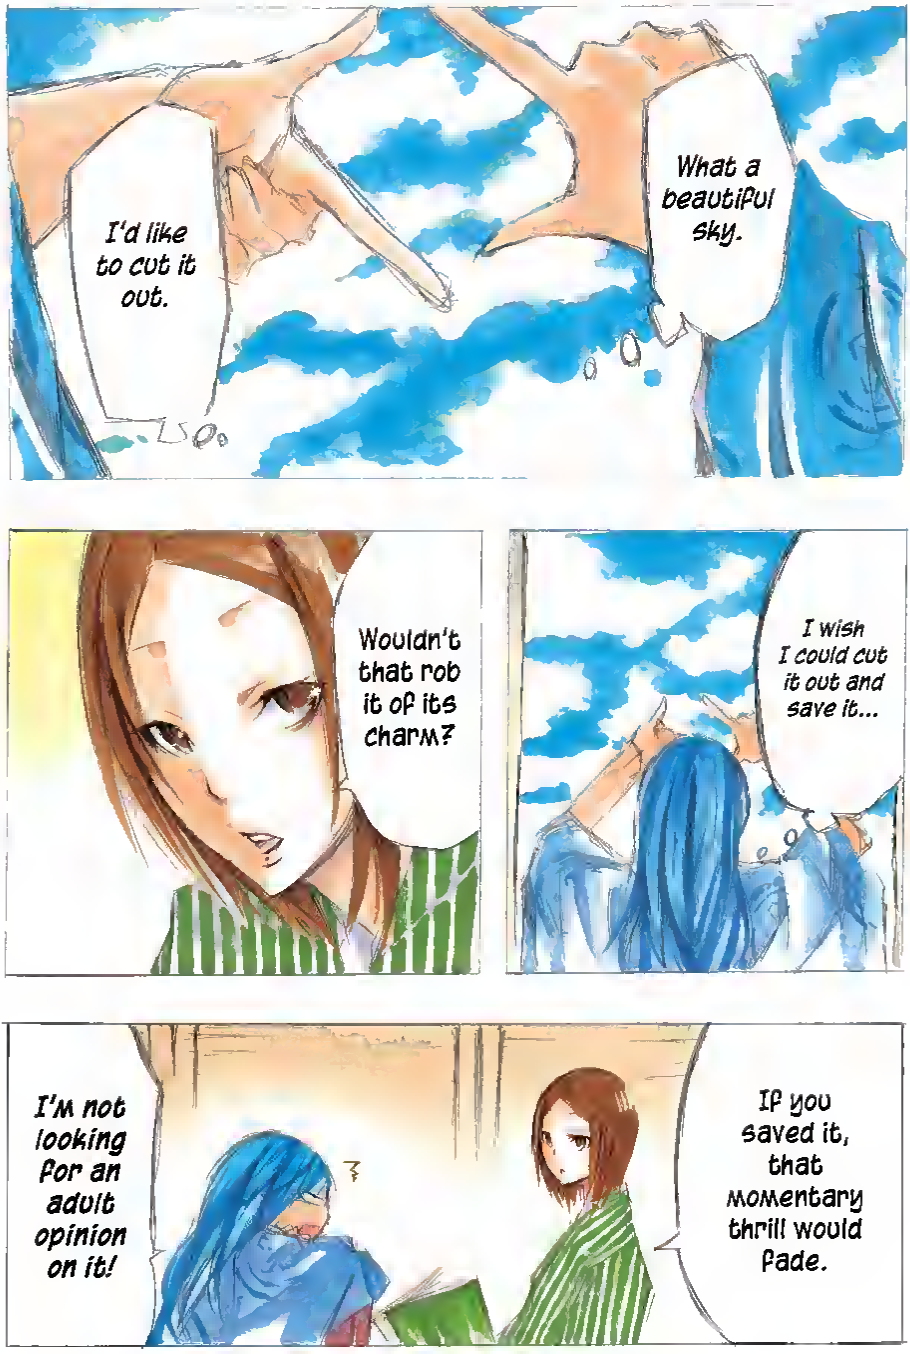
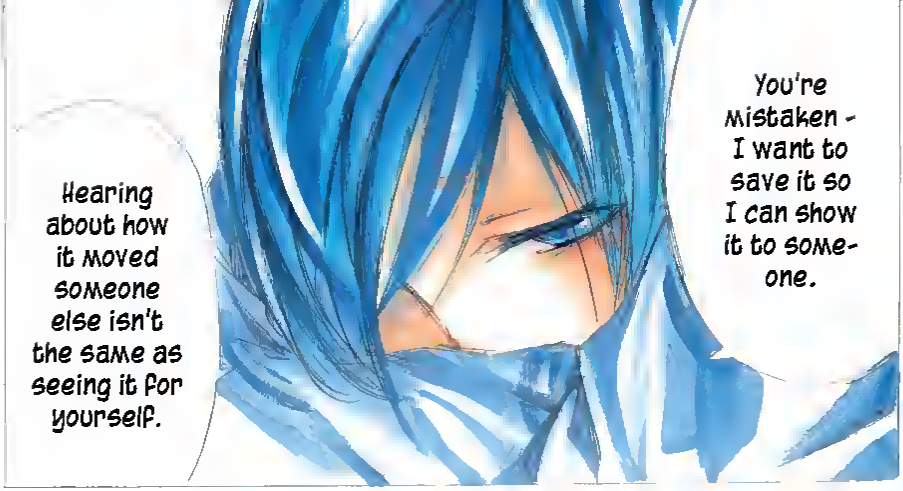
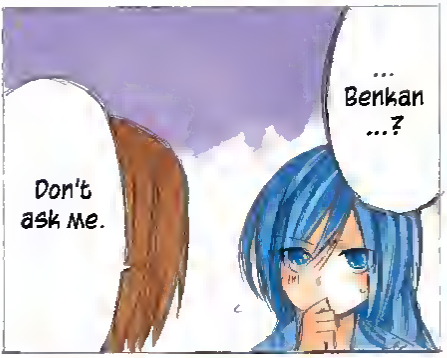
chapter 0

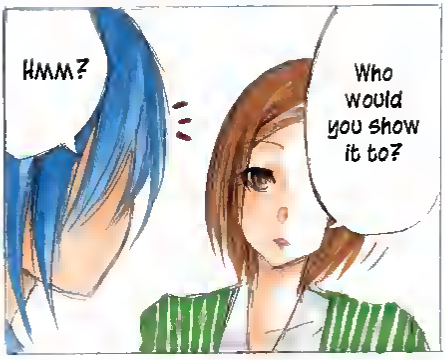


What a beautiful sky.
I'd like to cut it out.
Wouldn't that rob it of its charm?
I wish I could cut it out and save it...
If you saved it, that momentary thrill would fade.
I'm not looking for an adult opinion on it!



Hearing about how it moved someone else isn't the same as seeing it for yourself.
You're mistaken - I want to save it so I can show it to someone.





Well, in that case,
My feelings will fade and be forgotten before I can tell you about them.
But you go out all the time now, Benkan.

* "soushi," as in the Japanese title of ***The Pillow Book***, ***Makura Soushi***

Oh, are you still writing, by the way?
Oh... well, yes.

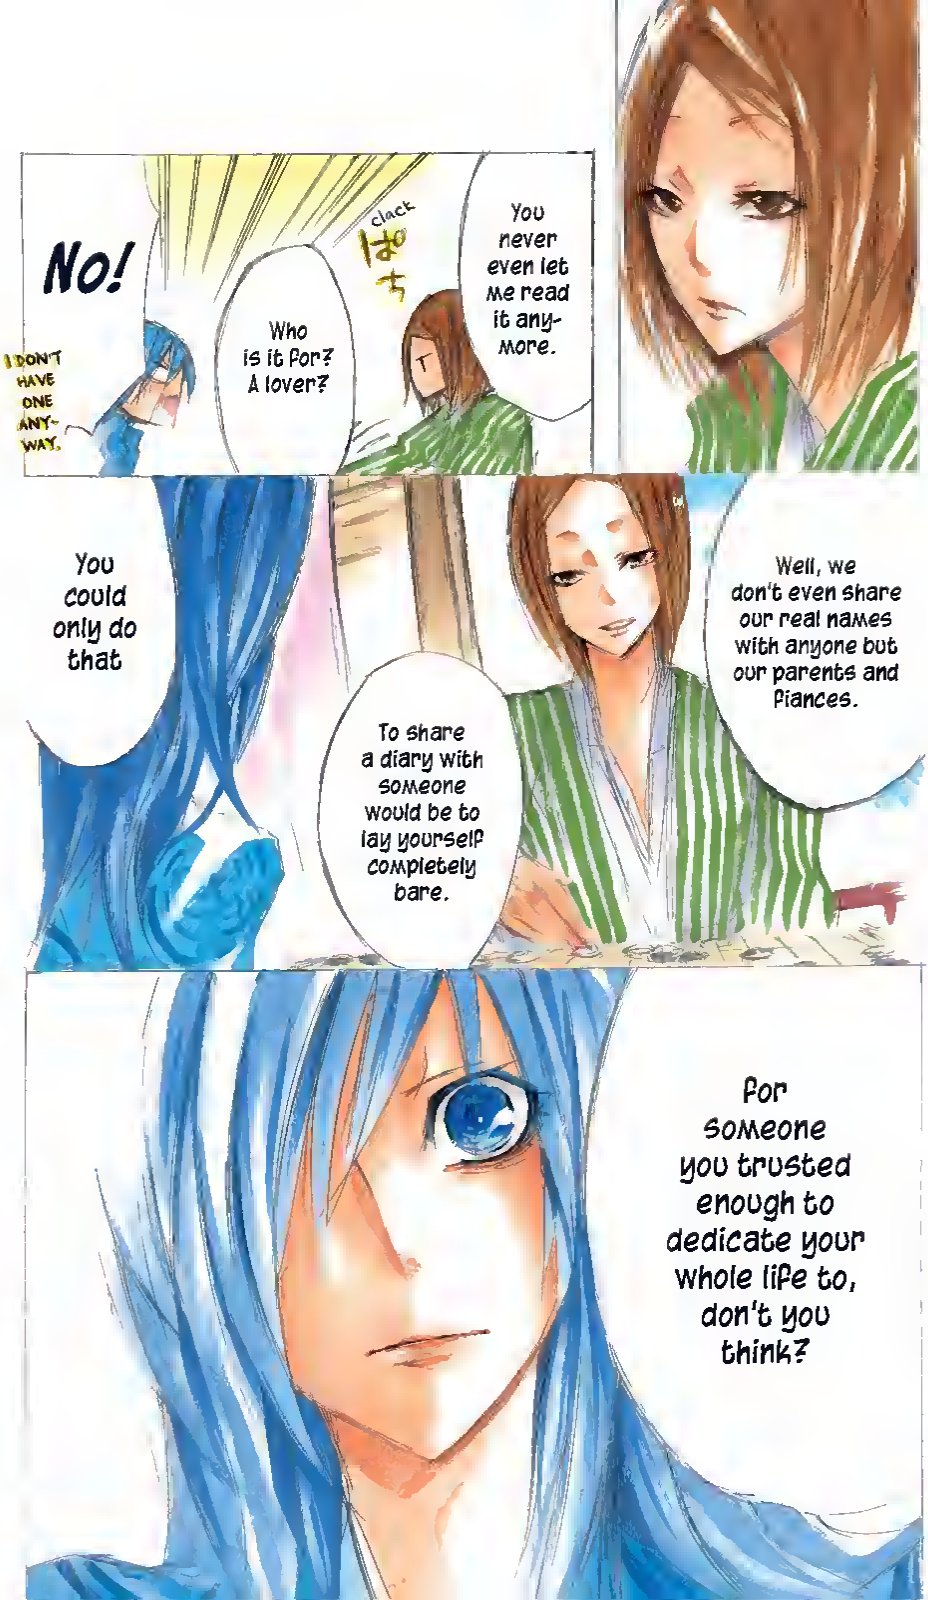
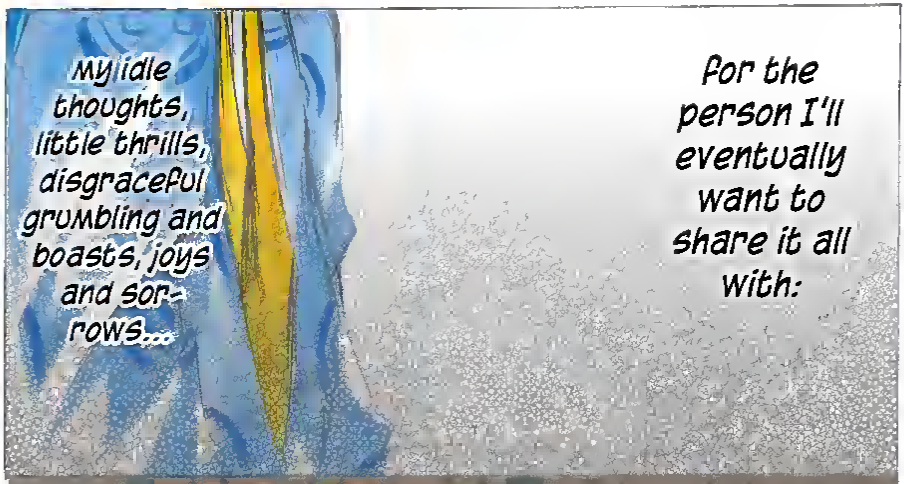
That diary.
I need to write it down so that I can show it to someone.



No!
I DON'T HAVE ONE ANY-WAY.
Who is it for? A lover?
clack
You never even let me read it any-more.
You could only do that
To share a diary with someone would be to lay yourself completely bare.
Well, we don't even share our real names with anyone but our parents and fiances.
For someone you trusted enough to dedicate your whole life to, don't you think?

I must be writing this
Oh... I see now.



my idle thoughts, little thrills, disgraceful grumbling and boasts, joys and sor-rows...
for the person I'll eventually want to share it all with:

My father was impressed with you, so I came to take your measure.
What a disappointment to find a paltry human.
This has nothing to do with my father.
Shonagon is my lady-in-waiting. I selected her.
You were hoping for someone... more than human?
Of course, you fool!
Look at her otherworldly beauty!
So please don't say such frightful things

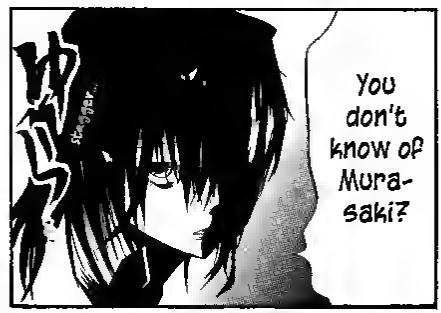
Because of her Ignorance



* Shoushi literally suggests slicing Shonagon into 108 pieces. 108 is an important number in Buddhism. The "hungry ghost" in question is also known as a preta

* In the original she says "breasts" ("chichi") which sounds like a word for "father."

* In the original she says "I'm going to die" which sounds like "I'm going to come" (as in, have an orgasm). The original title of the strip references this play on words as well.

WOULDN'T IT BE MORE UNNATURAL IF I WASN'T THINKING ABOUT HER AFTER WHAT HAPPENED TODAY?
There is another in your thoughts?

Sei ❖ Shonagon

She's 27 in this manga. I've tried to portray her as an adult who's capable yet hopeless, but, well, you can see how that has turned out.

I'm recklessly ignoring a number of major assumptions about her life, but please don't pay that any mind.

There are a number of scenes where Shonagon has blood gushing out of her. It's meant to be coming from her mouth, because of the major strain on her heart.

Ordinary desire -> drool

Excessive emotional shock (positive or negative) -> vomiting blood

For the most part, anyway. That's probably true of other characters as well.

I love Japanese history but hate reading classics. So, though I liked Sei Shonagon herself, I had never properly read ***The Pillow Book*** *until I started working on this series. I'm sorry about that.*

fujiwara ❖ no ❖ teishi

She's 13 in this manga. I think I've been depicting her as a child who had to grow up too quickly because of her situation. I don't know how well that's come across.

*My initial design of her was a tsundere with blond pigtails. Looking back on it now, that would have been really cliche, and I'm just not feeling it. So I'm glad I changed my mind about it.**

*People tell me that her bow looks like ears. To be honest, I added that in as an homage to the sister of a certain robotic cat from the future. So it's only natural, really.***

In the original text, Teishi is a bit more submissive and much more mischievous. That's charming in its own way, but, well... oh, let's just leave it at that.

* "Tsundere" means to have a hot-and-cold personality: being passive aggressive at first, but showing a sweeter side over time.
** This is a reference to ***Doraemon***, an anime/manga series. The title character has a younger sister named Dorami, whose red ears look like a bow.

If you don't want to share a room, that's just fine with me! I only agreed to it because Benkan asked me anyway!

Well, I do think the overly sappy descriptions of the characters' thoughts and feelings would appeal to a young person like her.
It's full of love scenes.
I don't want Her Majesty to see this yet.
There's more?

so there must be something special about her.
She somehow ended up at court—with a position serving the Empress, no less—despite her lack of connections.
We only exchanged a few brief words.

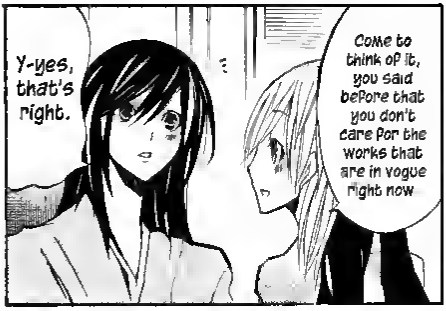
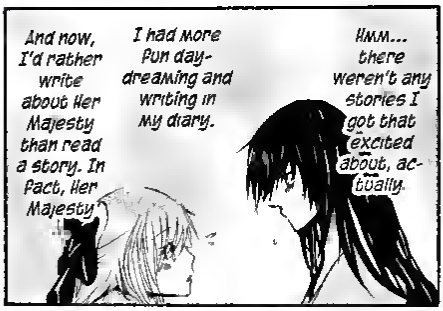
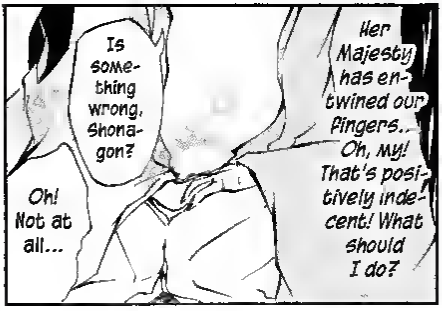
Geez, this is so raunchy!

how did this happen?



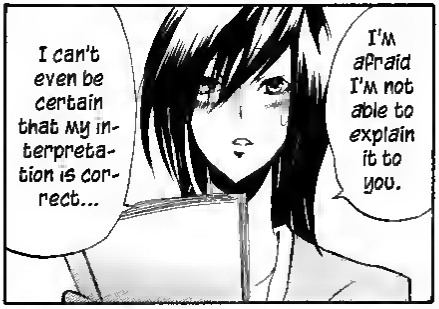


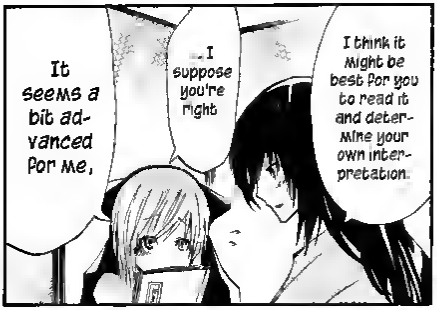
And now, I'd rather write about Her Majesty than read a story. In fact, Her Majesty
I had more fun day-dreaming and writing in my diary.
Hmm... there weren't any stories I got that excited about, actually.



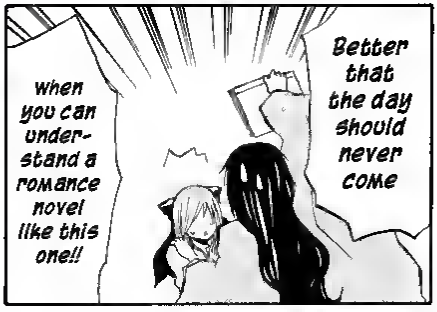
Is something wrong, Shonagon?
Oh! Not at all...
Her Majesty has entwined our fingers... Oh, my! That's positively indecent! What should I do?

stay pure





It seems a bit advanced for me,
I suppose you're right
I think it might be best for you to read it and determine your own interpretation.



...I don't believe there's anything extraordinary about my life.
Perhaps I have a cynical outlook,
but I think even the most wonderful stories

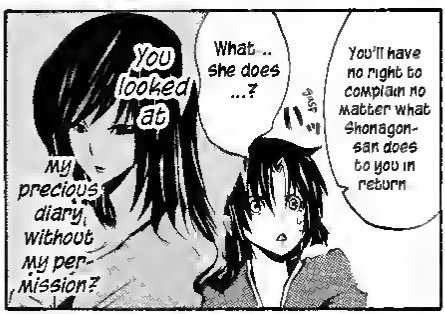
To me, the events that occur in my life are
far more miraculous and fascinating.
But
I have met an extraordinary person. Someone who makes my reality...
You say the most interesting things.
She brushed it off as just "interesting"...

thinking this way is an occupational hazard
Hmm ...?
Wait! What if Shonagon should fall in love with your writing?
Personally, I'd be glad.
Well...
What have I done?
And if she should fall in love with you as well?!
What would you have me do?
Heh heh
You know full well.
I've felt strange ever since I read your story ..
What will you do to make it up to me?
You see?!
That would be a problem.
just when she reached the heart of the matter
Oh, I have an idea!
Why don't you write a book?
Excuse me?!
Instead of a story, you should write about the wonderful reality around us!
Well... I'm sort of doing that already...
But it's not the kind of thing I could show anyone.
I would love to read something like that.
Oh, my... She's so warm... Ahhhh. I don't care about anything anymore. Hehehe.....
Oh...
E-especially not Her Majesty!

everyone's got one thing on their minds

Just feeling guilty won't help anything, will it?
Urk!
I-I know I shouldn't have read it.
I can't believe you.
We were worried, so we stopped in to check on you. And then...



You looked at
My precious diary, without my permission?
What... she does ...?
You'll have no right to complain no matter what Shonagon-san does to you in return

they were there the whole time

Well, you are thoughtless.
It sounds like it really bothers you.

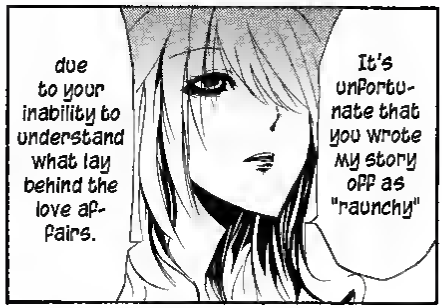
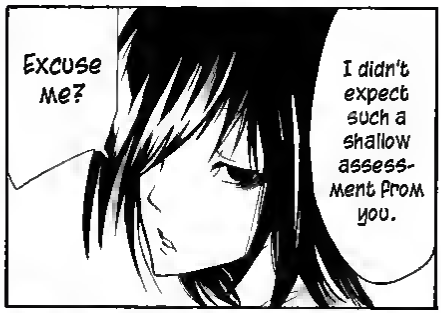
This is amazing, Shonagon! I've never read anything like it.



It's unfortunate that you wrote my story off as "raunchy" due to your inability to understand what lay behind the love affairs.



Excuse me?
I didn't expect such a shallow assessment from you.

How incredibly conceited of you to expect such understanding from your readers.
Anyone can write something self-centered like that.

Murasaki ❖ Shikibu

*She's around 24 in this manga. I threw everything I consider erotic (the color purple, eyes that droop down at the corners, big breasts, and wavy hair) into her character design.**

I've just realized that I forgot the ultimate sexy option: a beauty mark. Oh, well.

It wasn't until I started working on this series that I finally read ***The Tale of Genji*** *in enough depth to understand all of it. I'm sorry.*

The characters in it are interesting. I bet this manga would have been just as exciting if I'd based it on that instead.

Her cup size is F--outlandish, I know. Not that it matters.

Speaking of things that don't matter, my favorite song from the idol group Hikaru Genji is "Tsurugi no Mai" ("Sword Dance"). I doubt that's of any interest.

* "Murasaki" means "purple."

fujiwara ❖ no ❖ shoushi

*She's around 12 in this manga. I've deviated a lot from historical fact by making her and Teishi so close in age, but I think the way I changed her appearance was even worse.**

She has hair covering one eye because that's my preference.

I wanted her to be Teishi's polar opposite. So, much like Shonagon, she's a bit out of control.

By the way, her blood-spattered clothing and room are just for show. She's not actually that violent.

When I'm drawing strips about Shoushi, these songs always seem to come on for some reason:

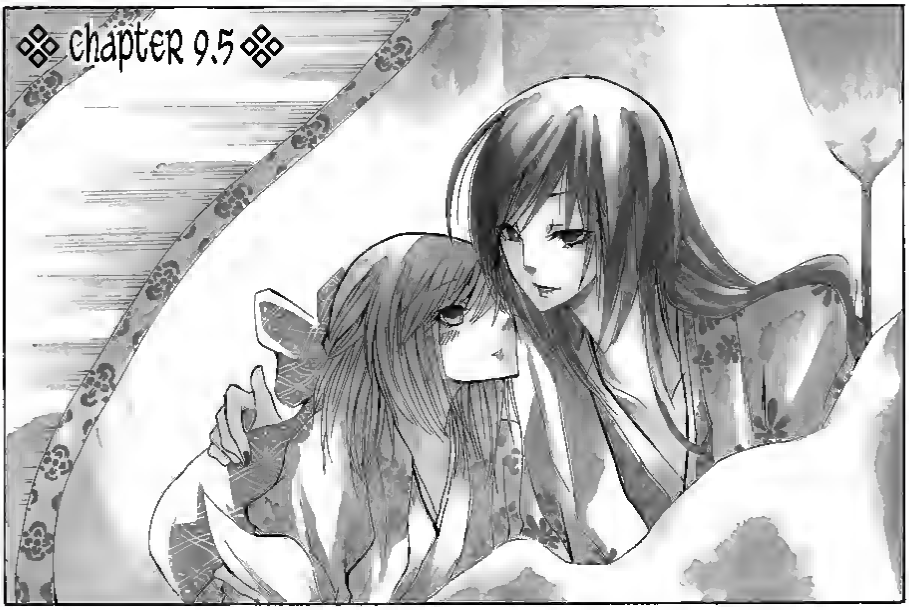
"Houchou Hasami Cutter Knife Dosu Kiri" ("Carving Knife, Scissors, Box Cutter, Knife, Dagger, Cut") by Maximum the Hormone

"Shitsuryou to Enerugii no Toukasei" ("Mass-Energy Equivalence") by Kuwata Keisuke

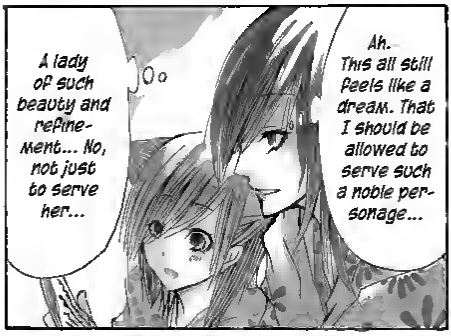
"Oshaka-shama" ("Buddha-shama") by RADWIMPS

That doesn't necessarily have anything to do with the plot, but....

* In real life, Shoushi was over a decade younger than Teishi.



What Sei Shonagon Was Really Like



A lady of such beauty and refinement... No, not just to serve her...
Ah. This all still feels like a dream. That I should be allowed to serve such a noble personage...

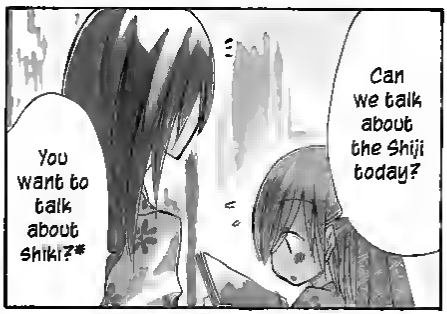
WHY DID YOU SAY MY NAME TWICE?
..... That Mura-saki Shikibu!

Being Silly



* "Shiki" is the Japanese term for the Shiji, but it can also refer to bedding that is laid out, hence Shonagon's interpretation of it as a reference to sex/masturbation. The author may have chosen this play on words as an homage to the story behind ***The Pillow Book*** 's name. Shonagon proposed that a bundle of paper given to the Empress be a "pillow" because the Shiji was being copied at the Emperor's court (though opinions differ on whether she was making a pun or simply using "pillow" in another sense). Her Majesty then gave the paper to Shonagon.

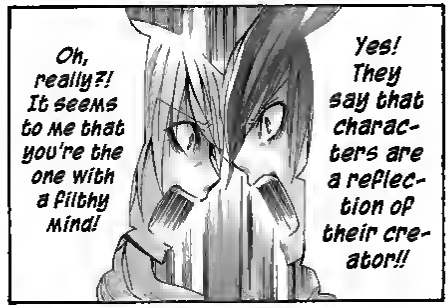
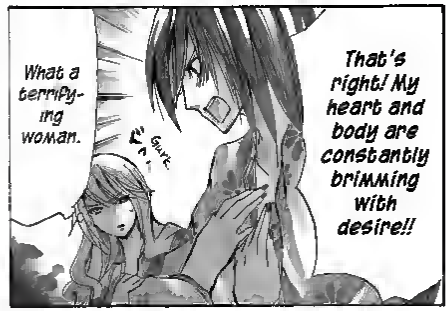
Why would you think that? Do I seem like the sort of person who would do that?



Yes! They say that characters are a reflection of their creator!!
Oh, really?! It seems to me that you're the one with a filthy mind!



* Paper was a valued commodity at the time. In this strip and the next few that follow, the author reimagines the origin of ***The Pillow Book*** with one major change: in reality, the paper was a gift from Palace Minister Korechika (Teishi's brother), not Murasaki.

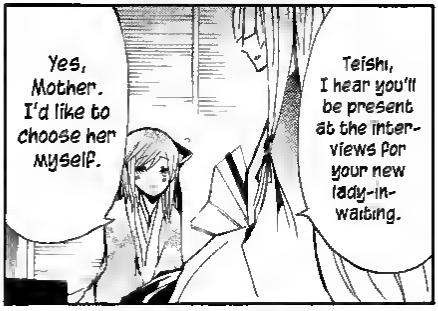
Chapter 12

LOOKING AT THINGS FROM EMPRESS TEISHI'S PERSPECTIVE

* The title of this chapter in Japanese is "Teishi-sama wo Miteru," a reference to the popular light novel series ***Maria-sama ga Miteru***



Yes, Mother. I'd like to choose her myself.
Teishi, I hear you'll be present at the interviews for your new lady-in-waiting.

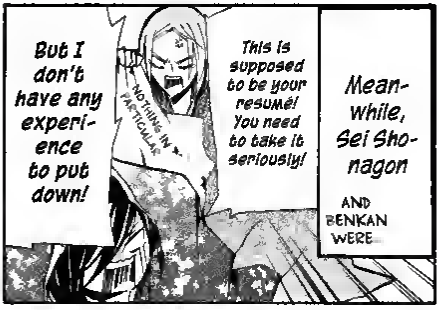
What?
You want a new lady-in-waiting?!

Handwriting reveals a person's true nature. It does not lie.
In that case, you need only view their handwriting.

No! They're all nice. I like them. ...But...
Is there some problem with the ones you already have?!

Yes, Mother ...
It will help you find the woman you're looking for.

and see parts of me that no one else has...
I want someone who'll teach me things that aren't in any books



But I don't have any experience to put down!

This is supposed to be your resume! You need to take it seriously!
Meanwhile, Sei Shonagon AND RENKAN WERE...

I've decided. She's the one.

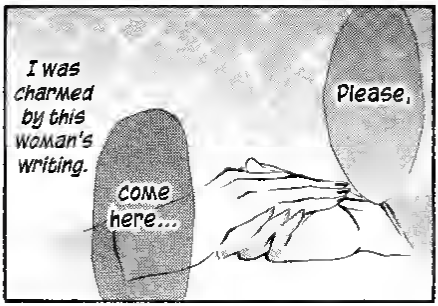
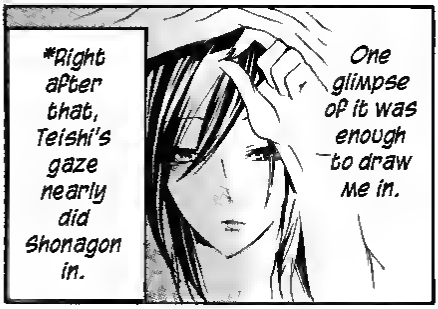
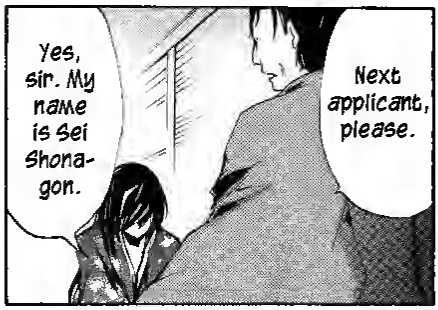
I don't completely trust my mother's advice,



I was charmed by this woman's writing.
Please,
come here...



*Right after that, Teishi's gaze nearly did Shonagon in.
One glimpse of it was enough to draw me in.



Yes, sir. My name is Sei Shonagon.
Next applicant, please.

She has the prettiest writing I've seen so far.
Sei Shonagon...

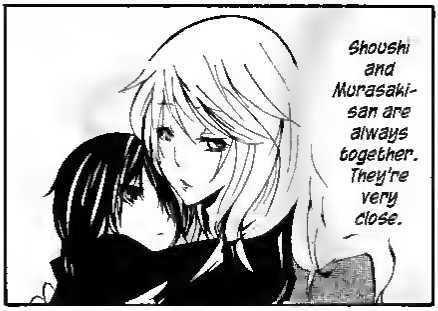
I wanted to choose one lady-in-waiting myself, someone just for me.

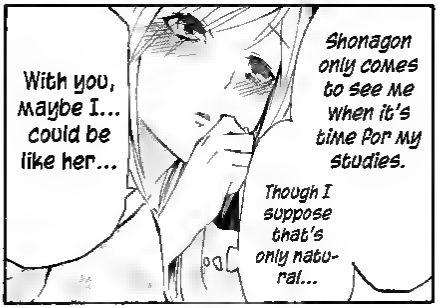
Will she think poorly of me now? Will I seem childish?
Will you... indulge this selfishness of mine?

...Shonagon ..?

I couldn't be happier!!



Shoushi and Murasaki-san are always together. They're very close.



Shonagon only comes to see me when it's time for my studies.
Though I suppose that's only natural...
With you, maybe I... could be like her...

Shonagon, give me a hug.
Yes, Your Majesty.

No, that's not right...

I can't do anything, since I'm pretending to be asleep. I really put the cart before the horse this time.

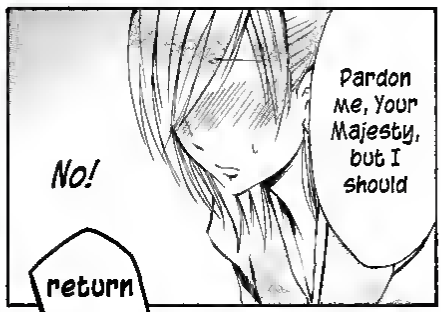
No! Don't go!

Not that this will do me any good!!

I wish Shonagon could stay and chat longer...
Oh, no. When did it get so dark out?



No!

❖ Benkan ❖

She's around 30 in this manga. Though she's been around since the very first chapter, and she's the only character in the manga with any common sense, she's never been included in any of the official character introductions. Her name even got misprinted, the poor thing!

She's basically an amalgamation of all the kind people who've looked after me over the years.

When I was reading background information on ***The Pillow Book****, the description I empathized with most was of Shonagon's feelings for Benkan. In that sense, she just might be my favorite character.*

So I wish my editors would treat her a bit better. Haha.

* Benkan is known as "Ben no Omoto" in ***The Pillow Book***, though she appears there only briefly.

Kou ❖ Shikibu

She's 17 in this manga. She gets called tsundere all the time, but lately I think maybe she's just contrary.

Perhaps I'm just compensating for not making Empress Teishi tsundere. I don't know.

I didn't plan to work her into the main plot after her appearance in chapter 3, but somehow I ended up giving her a major role anyway.

When I'm doing strips that focus on her, I have to make my mind pure or I get embarrassed and can't draw them. So I use idol tsundere songs to get through it.

If you put "Puppy Love" by Perfume and "Iiwake Maybe" ("An Excuse, Maybe") by AKB48 on repeat and listen to them over and over, maybe you can get into the same state of mind I'm in when I'm drawing Kou Shikibu strips. No guarantees, though....

* Kou's name corresponds to her hair color (red).

All my life, I had no idea

AFTERWORD

HELLO, I'M KUZUSHIRO.
HOW DO YOU DO?

I'M SORRY ABOUT ALL OF THE UGLY PARTS. I'M GOING TO DEVOTE MYSELF TO IMPROVING MY ART, SO I HOPE YOU'LL WATCH OVER ME WITH A GENTLE GAZE.

SINCE I'M WRITING ABOUT HISTORICAL FIGURES, THERE MIGHT BE SOME PARTS THAT BOTHER YOU BECAUSE THEY DEVIATE FROM HISTORICAL FACT. BUT WHAT WE KNOW OF HISTORY DOESN'T ALWAYS TURN OUT TO BE CORRECT, SO I HOPE YOU'LL KEEP AN OPEN MIND. LET'S DECIDE FOR OURSELVES WHAT'S TRUE AND WHAT ISN'T.

THIS IS JUST A SILLY MANGA ABOUT THE HEIAN PERIOD, BUT PLEASE DO CONTINUE READING IT.
